## **MONDAY 22<sup>ND</sup> SEPTEMBER 2025**

A stronger trade throughout, with store lambs noticeably dearer on the week. The presence of a few extra buyers ringside added depth to the trade and ensured keen competition from start to finish. The majority of the entry comprised framey tup lambs, alongside a larger proportion of longer-term sorts, which was reflected in the overall average on the day. Well-bred farming types were particularly sought after, with buyers keen to secure numbers for the backend.
