The British Blonde Cattle Society

GENERAL SALE INFORMATION

INSPECTION: All animals are accepted for entry subject to passing a standard inspection by Official Inspector/Vet appointed by the Society, after delivery to the sale venue and prior to the sale.

The Official Inspector may order the rejection of any animal which, in his opinion, is below the required standard of conformation and/or condition and does not represent a good specimen of the Breed.

ANY ANIMAL REJECTED DURING THE PRE-SALE INSPECTION WILL BE OFFERED, IN SALE ORDER, BUT ONLY AT THE AUCTIONEERS DISCRETION. CARDS WILL BE DISPLAYED ABOVE ALL REJECTED STOCK WITH REASON FOR REJECTION.

The Veterinary Officer will examine all animals forward for general health and genetic defects, and any with a genetic fault, disease or disorder will be REJECTED. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary Inspection will form an integral part of the pre-sale inspection procedure.

BLACK HAIRS: Any animal found with black hairs during inspection will be eligible for sale and announcement will be made at time of sale.

HERD HEALTH REQUIREMENTS: Herds selling at Society Sales must be members of a Herd Health Scheme. The Society does not require your whole herd to be tested, just the animals you have entered for sale.

All animals' male and female, including calves at foot, presented at Society Sales must be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free.

Any animals testing positive for the BVD virus cannot be entered and presented for sale. If tissue tags are used to sample test for BVD and the animal is not a PI, then a test is not required again. All animals that do not meet the above requirements cannot be presented for sale.

All animals **MUST** be entered and registered in the herd book of the British Blonde Cattle Society.

All cattle must be identified and tagged correctly.

A **SALE LEVY** of 2% of the sale price (after deduction of the Auctioneer's commission) will be charged by the Society on the sale of ALL animals. This levy will be deducted from the Vendor's account by the Auctioneers before settlement and paid to the British Blonde Society.

SALE TRANSFER fee of £15 + VAT per lot will be charged to the Purchaser. The transfer of the Official Pedigree will be carried out by the Auctioneers before settlement and paid to the British Blonde Society.

Commission will be at the rate of 5p in the £.

A minimum selling price of 2,500gns will be set for all Bulls. The vendor or their representative must be present with the auctioneers to accept or refuse the final bid. No animal will be put through the sale ring again.

Any private sale affected on an animal for which the final bid in Auction was refused must be put through the appointed Auctioneers Accounts.

Where showing is part of the Society's Show and Sale, Vendors may elect not to show their animals, but, Vendors who show in the livestock market must accept the Judges decision as final.

CONDITIONS OF SALE: The Sale will be held subject to the Conditions of Sale drawn up by NBA and the Auctioneers' General Conditions of Sale.
