Fodder Sale

CONTACT: GWAWR JONES 07908 131480

MONDAY 30TH MARCH 2026

A quieter trade this week as the weather shows signs of improvement, with many buyers holding off purchasing additional fodder unless absolutely necessary.

Fodder continues to sell where realistically priced, with keen interest for well-presented lots. However, onlookers remain cautious, with little appetite to secure surplus supplies going into a more favourable spell.

Overall, a selective trade, with vendors needing to meet the market to ensure movement.
